# Competition Matrize

Mit der RCBS Competition Matrize erwerben Sie höchste Präzision und Qualität. Die Kalibriermatrize ist so hart und hochglanzpoliert, dass sich ein Hülsenfetten beinahe erübrigt. Beim Geschosssetzen legen Sie das Projektil durch ein offenes Fenster in den axial beweglichen Schlitzen und fahren dann mit der Hülse in den Matrizenkörper. Die bewegliche Geschossführung verhindert ein Verkanten und steigert somit die Qualität Ihrer handgeladenen Munition.
